

**NEW!**

# Basin Level Platforms and Ladders

For EVAPCO Induced Draft Cooling Towers

## Facilitate Maintenance

Basin level platforms and ladders provide safe and convenient access to the basin section.

- Adjust Float Assembly
- Clean Basin and Suction Strainer

## Heavy Duty Construction

Platforms are designed for maximum support – 50 psf live load or a 200 lb. concentrated load.

## Self Supporting

No external supports required for the platform. The ladder requires field support.

## Easy Installation

Basin level platforms and ladders ship in modules for easy installation. Installation instructions included.

## Low Cost

Less expensive than field erected catwalks.

## Retrofits

Basin level platforms and ladders can be retrofitted on all EVAPCO induced draft towers.
