

PRESS RELEASE

EVAPCO-BLCT Dry Cooling, Inc.

981 US Highway 22 West, Suite 103
Bridgewater, NJ 08807

Telephone: 908-DRY-COOL
908-379-2665

January 12, 2011

To Whom It May Concern:

Evapco, Inc. and Beijing Longyuan Cooling Technology Company, LTD (“BLCT”) are pleased to announce that they have joined forces to pursue the global air cooled condenser (“ACC”) market and hybrid cooling market for the power industry via a USA based company named EVAPCO-BLCT Dry Cooling, Inc. The single row tube bundle technology and “best in class” quality which have propelled BLCT to become an ACC market leader in China will be the basis of offerings by EVAPCO-BLCT Dry Cooling, Inc. BLCT will continue as an ACC market leader in China, operating independent of EVAPCO-BLCT Dry Cooling.

In keeping with Evapco’s highly successful business philosophy, “People Make the Difference,” EVAPCO-BLCT Dry Cooling will be led by the following very experienced and highly regarded executive management team.

William Wurtz	- President
Danny Xiao	- Executive Vice President
Dr. Luc De Backer	- Vice President of Technology
Toby Athron	- Vice President of Business Development
Ken Huang	- Vice President of Administration
Raf de Lausnay	- Vice President of Operations

We stand ready and eager to serve the power market dry and hybrid cooling needs with highest quality products and first class service. Contact information for EVAPCO-BLCT Dry Cooling, Inc. is as follows.
