A schematic diagram of a server rack cooling system. The rack is represented by a white rectangle with a black border. Inside the rack, four black circular fans are arranged in a horizontal row. Each fan has a complex, multi-layered grille pattern. The fans are connected to a power source on the left, indicated by a black line and a switch symbol. The entire rack is supported by a black frame with four vertical legs. The background is white with a faint, large watermark of the letters 'A' and 'B'.
