Technical drawing of a rectangular structure, likely a display or storage unit. The main body is a large white rectangle. It is flanked by four smaller white rectangular panels, one on each side. The structure is supported by four vertical legs. A cable management system is shown on the right side, with a cable running vertically and a small rectangular component (possibly a switch or connector) attached to the side panel. The drawing includes various mounting brackets and fasteners along the top and bottom edges.
